

KEEPING YOUR CAREER AND THE LARGEST RAILROAD IN NORTH AMERICA MOVING

Union Pacific is a high-tech Fortune 200 company in a growth mode. Which makes UP an excellent place to start, and grow, your career. Our six-month Management Training Program provides you with the tools necessary to assume a supervisory role with real responsibilities. And at Union Pacific, you'll be doing important work.

Union Pacific delivers the materials that keep the American economy moving. This creates rewarding and challenging career opportunities. Unlike jobs that keep you tied to a desk, a career in field operations at UP gives you the opportunity to be actively involved where things are happening – working with the 48,000 men and women of Union Pacific who are responsible for moving 2,500 trains each day.

The Operating Department maintains Union Pacific's fleet of more than 7,000 locomotives, 96,000 freight cars, and 33,000 miles of track, bridges, and signal systems, operating in 23 states in the western two-thirds of the nation. And, just as important, it also makes sure we consistently meet or exceed our customers' needs and expectations.
